1. INTRODUCTION

GOTRONICS Inc. provides one stop automated solution for your trade and industry. Depending on the size and field of your organization, we have different products and services to meet your requirements. We provide the optimum and customized solutions made for your organization.

GOTRONICS Inc. began its business operation as a Digital and Software solutions providing company in January 2018.

GOTRONICS Inc. is focusing exclusively in high quality and cost-effective School systems and software development. We are advancing on a tremendous pace and with involvement of skilled and experienced people working in the organization ,GOTRONICS Inc. is currently doing business in Government, Insurance and Renowned Schools.

2. GOTRONICS Inc.: YOUR DIGITAL PARTNER

The company has been formed by a group of professionals having vivid experience and wide exposure in Information Technology. People involved here are young qualified business graduates and qualified technicians from the renowned universities across the nation.

The resource personnel working in the company have been consistently providing reliable support services and consultancy to a wide variety of corporate houses either in the capacity of executive or as business partner or consultant. Bottom line of the company philosophy is building a long-term business partnership with its clients where interpersonal relationship, reliability, assured quality and target oriented modern technology are the major building blocks.

It is a company where professionals from both technical and functional fields group together with an objective of providing appropriate Digital system solutions. It realizes the importance of functional knowledge and its impact in developing business solutions. We constantly strive to be a leading technology firm with profound business and functional knowledge. The key to the company's success is the maintenance of a close working relationship with the clients through ensuring the best possible solutions to their needs; to establish and maintain a thorough knowledge and understanding of client's objective and help them maximize the benefits.

We want to establish ourselves as the best choice in Computing and Information Technology Services, Consultancy and Development by offering the full spectrum of services.

3. OUR MISSION & VISION

Our Mission is to achieve the reputation of a quality, high standard & reliable solution & service Provider Company in the ICT industry.

Our Vision is to achieve 100% customer satisfaction by delivering quality products and services at an affordable cost. Our forward vision is to strive to become an entity in technology based corporate solutions, capable of demanding unconditional response from the targeted niche. We also believe that for our scope of improvisation – sky is the limit and we are always ready to take our achievements to the next level. We are growing and would always like to remain on the growing streak.

Our keys for development:

- Desire for Excellence
- Trust and confidence build-up
- Innovation
- Transparency
- Teamwork

We believe in

- Motivation
- Collective responsibility
- Professionalism and ethics
- Adding values to our client needs
